

sFine grades are binder free aqueous pigment preparations specially designed for decorative Paint applications. It is highly concentrated yet pumpable in viscosity. Chemistry is based on long chain Non ionic wetting/dispersing agents. All grades of sFine are miscible with each other in all ratios for color development.

M (5%)	R (2%)	PRODUCT NAME/ COLOUR INDEX	Light Fastness		Weathering Fastness	
			5%	2%	5%	2%
		SF Yellow 1	7	6	4	3
		SF Yellow 3	7	6	4	3
		SF Yellow 12	6	5	5	5
